

# VIETNAM'S AGRICULTURE REPORT ON DEVELOPMENTS IN 2007 AND PROSPECTS FOR 2008

## Vietnam's Agriculture Report on Developments in & Prospects for 2008 **2007**

This is Vietnam's first Annual Report on the agricultural sector developed by an independent analysis institution- the Information Center for Agriculture and Rural Development (AGROINFO) of the Institute of Policy and Strategy for Agriculture and Rural Development (IPSARD).

With indepth analysis and the most up-to-date information, the Annual Report will provide readers with deeper understanding and interpretation of the most important issues facing Vietnam's agriculture and rural development in 2007 and the prospects for 2008.

### **Key features:**

- Important topics of the year addressed by advanced approaches and modern analysis
- Reliable data from different official sources (GSO, IMF, UN, USDA, etc.)
- Valuable advice from leading national and international experts
- Professional design
- Diverse and comprehensive domestic and international database (2001-2007)

**VIETNAM'S AGRICULTURE ANNUAL REPORT** is an indispensable document for local and central policymakers, donors, research and consultancy institutions, associations, entrepreneurs, experts, researchers, and others who are interested in Vietnam's agriculture and rural development.

### **Key information:**

- 120 pages (with 40 pages presenting data)
- Published in English and Vietnamese
- Covers printed in 4 colors
- Inner pages printed in 2 colors
- Date of issuance: March, 2008
- Price:
