Vietnam's Rice Yearbook for 2007 and Perspective on 2008

VIETNAM'S RICE MARKET OUTLOOK 2007

The first time a Yearbook on Vietnam's rice market is developed and published by the Information Center of the Institute of Policy and Strategy for Agriculture and Rural Development (IPSARD).

Strong points of the Yearbook :

- Situation on rice supply and demand, production, consumption, trade and stock
- Comprehensive analysis and most updated information on
 - Rice production, consumption, market and export
 - Enterprises and localities taking lead in investing in and renovation of rice processing technology
- Consultation with well known international and national rice experts

The Yearbook is an important document for central and local policy makers, rice trade enterprises, international organizations, consultants and others of interest.

- The Yearbook has 100 pages with 60 presenting analyses and 40 presenting data.
- Prices:
